Gloucester Opens of PCR Testing Site for COVID-19 in Collaboration with Curative

by [Town Common Media](#)

Tuesday January 18, 2022

GLOUCESTER – Curative, in collaboration with the Gloucester Health Department, has opened a COVID-19 testing site offering PCR tests to increase the availability of reliable PCR testing, amid the growing surge in cases of the COVID-19 Omicron variant for all ages. The location is at Stage Fort Park 24 Hough Ave. Monday through Friday, from 8:30 a.m. to 4:30 p.m., and Saturday from 8:30 a.m. to 2 p.m.

Curative operates a network of more than 13,000 testing sites across 18 states. It previously operated a testing site at The Open Door in Gloucester.

Tests are available by appointment only. Walk-ins will not be accepted.

The tests will be provided at no out-of-pocket cost, but individuals who have health insurance should have their insurance card ready at registration, because health insurance companies will be billed if possible. Health insurance is not required to be tested. Identification will be required at the time of testing.

To make an appointment visit, <https://book.curative.com/sites/34046>.

Anyone who has questions or who needs assistance with booking an appointment can contact Curative by calling 888-702-9042.

For more information on COVID-19 in the City of Gloucester visit:
